Dear Concerned Ohioan:

Opportunities for Ohioans with Disabilities (OOD) is proposing amendments to an Opportunities for Ohioans with Disabilities agency administrative rule. The reason for this rule proposal is to align the fees for services with the fees allowed for Medicaid, and to implement performance based fees for vocational rehabilitation services. The notice of public hearing and a copy of this proposed rule are enclosed/attached.

In the written version of the rule, new language is underlined, and deleted language is lined through. The notice of public hearing and the proposed rule are available in an electronic Word Format, and also in regular or large print, if needed as a reasonable accommodation.

OOD is providing this information so that any interested persons or groups may review it before the public hearing that will be held on Thursday, March 23, 2016 at 10:00 a.m. in the OOD Commissioner Conference Room, 150 East Campus View Blvd., Columbus, Ohio. Anyone may comment on the proposal either by attending the hearing, or by submitting comments in writing to Kevin Miller, Executive Director, before the public hearing date.

**SPECIAL NOTICE:** OOD will distribute the rule proposal and notice of public hearing electronically. If you would like to receive information electronically, please forward your e-mail address to [Debbie.Stevens@OOD.ohio.gov](mailto:Debbie.Stevens@OOD.ohio.gov).

Should you have questions concerning this rule, please contact Michael Rodgers at 1-(800)-282-4536, extension 1217.

Sincerely,

Michael Rodgers, Esq.  
Chief Legal Counsel  
MLR/ds
