

PROPOSED RULE 3304-2-52 HAS BEEN FILED AT THE COMMON SENSE INITIATIVE OFFICE

This notice is to inform you that Opportunities for Ohioans with Disabilities (OOD) has filed the proposed rule concerning revisions to fees for services with the Common Sense Initiative Office (CSI).

The proposed rule, Rule 3304-2-52, reflects changes to both the maximum fees for medical, psychological and dental services, as well as changes to the fees for vocational rehabilitation services. The Business Impact Analysis and proposed rule are attached to this message, as well as two supplemental documents. The first, Exhibit A, summarizes some of the comments received to date from interested stakeholders and the responses to those comments. The second, Exhibit B, tracks the revisions made to the draft rules based upon the input received.

CSI reviews rules to determine whether any adverse effect on business is justified by the regulatory intent. Please submit any comments on the contents of the proposed rule revisions to both CSI and OOD no later than **November 30, 2016** at:

OOD: crpvendor@ood.ohio.gov

- Common Sense Initiative: csipubliccomments@governor.ohio.gov

Sincerely,

Michael L. Rodgers
Chief Legal Counsel
