Disability:IN Ohio, in partnership with Opportunities for Ohioans with Disabilities, is a peer-to-peer network of Ohio employers who are committed to employing individuals with disabilities. Disability:IN Ohio is a statewide affiliate of the national Disability:IN organization.

Disability:IN Ohio’s mission statement: Through a robust peer network of business practitioners, we provide employers with valuable information and resources to support their disability initiatives.

**HOW:** This is accomplished through increasing awareness, advising corporations and sharing proven strategies for including people with disabilities in the workplace, supply chain, and marketplace.

**Companies receive** assistance to invigorate their disability initiatives, explore best practices, incorporate culture changes, and realize positive business outcomes.
WHO: Disability:IN Ohio member companies span a multitude of enterprise categories. Healthcare, financial services, education, government, consumer products, retail, logistics and employment services are represented in the Disability:IN Ohio leadership. The organization serves as a continuous business forum devoted to sharing the best practices of companies who have successfully employed Ohioans with disabilities.

Disability:IN Ohio provides employer-focused training programs at the workplace, regional networking events, and webinars.

In addition, Disability:IN Ohio can help federal contractors meet their Section 503 requirements by connecting them to qualified job candidates with disabilities, through its partnership with Opportunities for Ohioans with Disabilities.
