Independent Living Services for Older Blind Ohioans

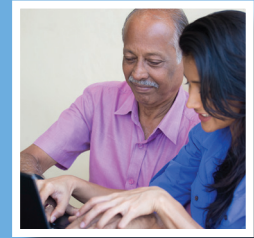

Many older Ohioans with severe visual impairments may no longer be interested in employment, but want to retain their ability to live independently.

Opportunities for Ohioans with Disabilities (OOD) provides services to individuals who are blind and visually impaired.

OOD's Bureau of Services for the Visually Impaired (BSVI) offers services through its Independent Living Older Blind (ILOB) program to promote the independence and self-sufficiency for qualifying Ohio citizens.

OOD Can Help By:

- Providing adaptive equipment
- Training in the use of assistive technology
- Providing orientation and mobility training to ensure safety and fall prevention
- Providing creative approaches to activities of daily living such as home skills and self-care skills

Eligibility

Assistance is provided to Ohioans who:

- Are age 55 or older
- Have a documented severe visual impairment, which makes competitive employment extremely difficult to obtain
- Have independent living goals that are feasible
- Require and can benefit from Independent Living services in order to obtain or maintain independent living
